We have used Mould Doctor on numerous occasions and found them to be very polite and respectful. They have always carried out the works required to a professional standard and always respect the tenant's possessions. I would highly recommend their services.

**(Kerry Childs,
Ark Property Centre)**

I have always found them very reliable, very quick to act on quotes and getting the work completed. The work is conducted in a professional manner and I have been very happy with the end result.

**(Rebecca Swaby,

We have liaised with The Mould Doctor on many occasions in connection with mould and damp issues at our Landlord's rented properties, and have always found their advice to our Tenants to be informative, and concise, whilst providing Martin & Co with an efficient, and excellent level of service.
